

## Fire <sup>Aug 5/1967</sup>

It was almost unbelievable but fire struck again last Wednesday at the Board of Education-Junior High Building. With only about a minute's difference from the time of day of the first fire, last week's fire started where the first left off. Whitey Lovelace, Larry Burns and Jack Smith saw the smoke and found the flames burning the ceiling in the furnace room. About an hour and a half later, it was pretty well out. But a little after seven fire broke out at the northern end of the building and this was where the electrical wiring was exposed for repairs that had been made that day so the cause was evident here. Electricians had been removing old wiring that day and putting in new wiring but the electricity had been cut off at 4:00 p. m. However, the investigators placed the cause on the wiring and the heat had either built up or there was a feed on the wire.

Damage was estimated at \$5,000 to \$6,000. The upstairs rooms had been painted and paneled and the floors were ready for tile. The Vo-Ag shop suffered ceiling and water damage.

## Fire 1968

Marlinton was dealt another severe loss when the third major fire since June destroyed the Alpine Hotel Building and adjoining building owned by Clark Galford early Tuesday morning. The fire was discovered by Roy Horton about 2:30 a. m. when he was awakened by smoke on the third floor and already had a good start when discovered.

It is believed at this time the fire started behind Kelley's Restaurant. How the smoke got from this area to the third floor so early in the fire, is not understood at present and is one of the aspects of the fire being investigated by an official from the State Fire Marshal's Office.

Again fire companies from surrounding communities responded and had to come over icy roads to get here. Our loss would have been much greater if it had not been for help. The following towns sent men and equipment: Hot Springs, Virginia, White Sulphur Springs, Hillsboro, Renick, Lewisburg and the Astronomy Observatory. A total of 70 firemen fought cold weather and the blaze, which was not brought under control until 10:30 a. m. Water

The two buildings are a total loss and damage is estimated at least \$500 000. Businesses located in these buildings are: Alpine Hotel, Alpine Theater, Kelley's Restaurant, Davis Barber Shop, Quality Discount Shop, Pocahontas Loan Company and Ralston's Mens Shop. Also there were two apartments above the Mens Shop. Files and records were saved from the hotel and loan company. supplies and equipment from the barber shop and a large part of the stock from the men's store. Galfords 5 and 10 Store received some water damage and slight damage to the C J and H-P Stores from falling debris and heat.

The firemen want to express their appreciation to the women of the Ladies Auxiliary and many others who supplied hot coffee and food all day long.

The town was extremely fortunate in that wind was light and there was a thick layer of snow to protect the roofs of surrounding buildings. Even so it was doubtful for a time if the fire would be contained to where it finally was. The firemen were badly handicapped, as they have been in our other recent fires in town, by low pressure in the mains. Most of the water used in fighting the fire was pumped from the river. The fire department states that there is not enough water in the city lines to be adequate for even one fire truck.

These recent fires are the first major fires in Marlinton since the Davis Motor Company fire in February, 1956.

Wednesday - After an investigation by E. L. Roush, Deputy Fire Marshal, and Chief Fred Burns, Jr., it was announced Wednesday afternoon that the fire was caused by an electrical short circuit in a wire leading from the main service entrance in the restaurant kitchen area. The starting point of the fire was located in the wall at the left corner of the theater stage behind the screen. The fire

moved from this area into the attic above the theater. It is estimated that the fire was burning at least one hour before it was discovered.

The loss is still estimated at \$500,000. This is a conservative figure and replacement cost would be much higher. Not more than ten per cent was covered by insurance.

The State Road Commission will bring equipment in on Thursday to tear down the remaining walls to eliminate the danger of falling bricks.

## Pioneer Days 1971

Dorothy Clutter O'Donnell will be the featured entertainer on Friday night of Pioneer Days, June 9, at the Pocahontas County Historical Museum. This daughter of Pocahontas has made a name for herself with her folk songs. Starting as a hobby, her singing gradually took her into the professional world. Her audiences have included students at every level, study groups, conventions, educational organizations, service clubs, church groups, folk festivals, radio and television. She has conducted her own radio shows on Folklore in this country and in Canada, and has been guest on television and radio in both countries as well.

Last summer she accepted an invitation (paid) to sing Appalachian Folk Music in the "Vise Vers. Hus." (a Folk Music Club) in the Tivoli Gardens, Copenhagen, Denmark. The engagement was for eight evenings. They present folk music from all over the world.

She also sang in "The Smuggler's Cove," a Public House on the Isle of Guernsey, Channel Isles, United Kingdom.

Mrs. O'Donnell, a native of Hillsboro, is the daughter of Mrs. Harry Fehrle, of Sara-

9

Miss Susan Chappell, of Hillsboro, was appointed by the late Thomas C. Edgar to represent Pocahontas County in the 31st annual West Virginia Strawberry Festival on May 31, June 1, 2, 3 and 4 to be held in Buckhannon.

Susan is a freshman at West Virginia University where she is majoring in Creative Arts. She is a 4-H member and a prospective County Camp Worker. She is a member of the Oak Grove Presbyterian Church and Choir.

Her hobbies include drawing and painting, swimming, ice skating, sewing, singing, macrame and camping.

The Princess-elect is the daughter of Mr. and Mrs. John S. Chappell, of Route 1, Box 102. Hillsboro; has blue-gray eyes and brown hair. She is five feet five inches tall and weighs 120 pounds.

The Queen's Revue will be held on Saturday, March 25, for the selection of the queen and four maids of honor.

The firemen were badly handi-  
capped, as they have been in  
our other recent fires in town,  
by low pressure in the mains.  
Most of the water used in  
fighting the fire was pumped  
from the river. The fire de-  
partment states that there is  
not enough water in the city  
lines to be adequate for even  
one fire truck.

These recent fires are the  
first major fires in Marlinton  
since the Davis Motor Com-  
pany fire in February, 1956.

Wednesday - After an in-  
vestigation by E. L. Roush,  
Deputy Fire Marshal, and  
Chief Fred Burns, Jr., it was  
announced Wednesday after-  
noon that the fire was caused  
by an electrical short circuit  
in a wire leading from the  
main service entrance in o'he  
restaurant kitchen area. The  
starting point of the fire was  
located in the wall at the left  
corner of the theater stage be-  
hind the screen. The fire

moved from this area into the  
attic above the theater. It is  
estimated that the fire was  
burning at least one hour be-  
fore it was discovered.

The loss is still estimated at  
\$500,000. This is a conserva-  
tive figure and replacement  
cost would be much higher.  
Not more than ten per cent  
was covered by insurance.

The State Road Commis-  
sion will bring equipment in  
on Thursday to tear down the  
remaining walls to eliminate  
the danger of falling bricks.

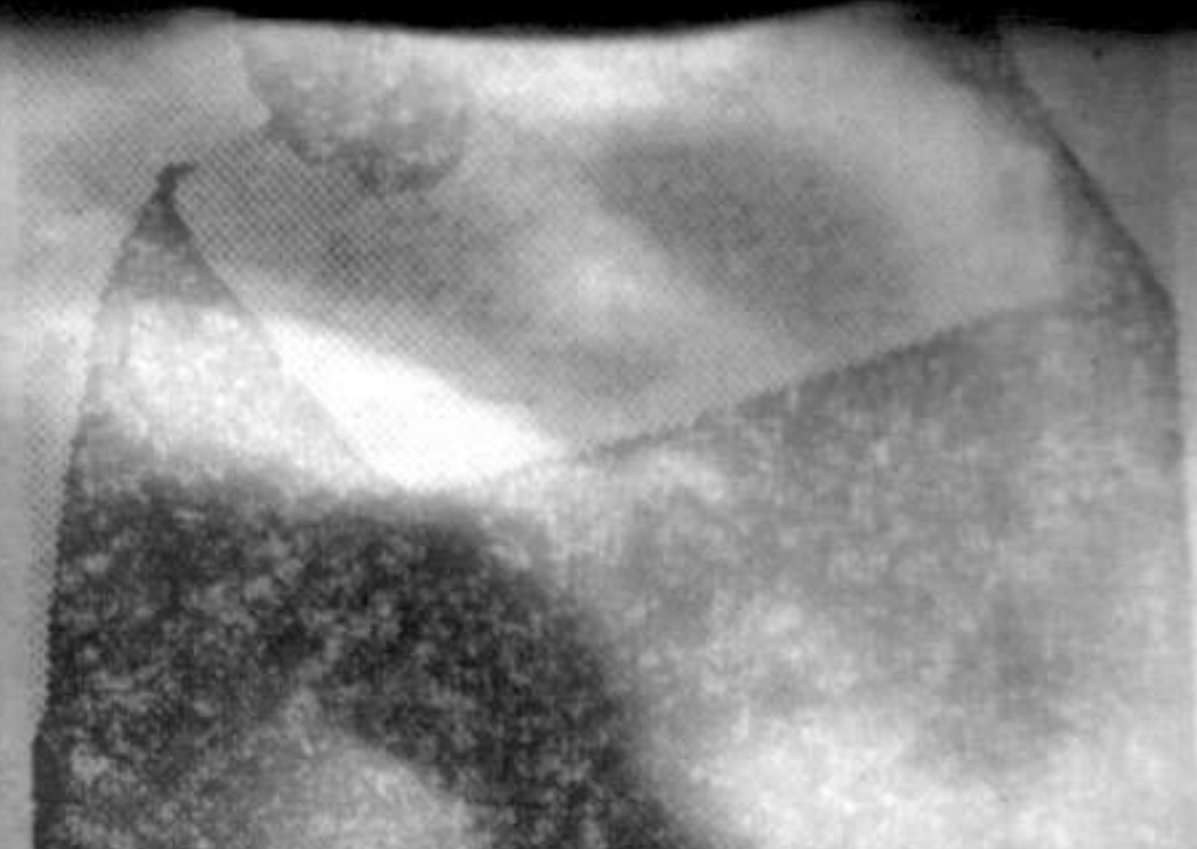

Dorothy Clutter O'Donnell  
will be the featured en-  
tertainer on Friday  
night of Pioneer Days,  
June 9, at the Pocahon-  
tas County Historical  
Museum. This daughter  
of Pocahontas has made  
a name for herself with  
her folk songs. Start-  
ing as a hobby, her sing-

## Dr. Hamrick Honored

Friday night, December 23th, 1956, on the eve of the 60th birthday of Dr. Kenneth J. Hamrick, one of Pocahontas County's most beloved physicians and surgeons. The occasion was marked by an open house reception at the American Legion Hall and was attended by more than four hundred of the Doctor's friends from Marlinton and all parts of the county, with several guests from Greenbrier County. There was old time fiddle music, square dancing, refreshments, and a general good sociable time. The Doctor was the recipient of many gifts and tokens of regard. Among them were a beautiful tweed top coat and hat "like the one he wore when he first came to Marlinton," and a gift certificate for a tailored suit. A gift came air mail and special delivery from his friends, Mr. and Mrs. Gregor Mueller, of Rivera, California; a handmade billfold from his old friend, Odie Clarkson, Brooklyn, New York; just to mention a couple of the several from a distance.

In response to this outpouring of respect and the hundreds of gifts from his friends, Dr. Hamrick said: "What could I say for all of this? Thank you so very much, this makes me very happy to be so remembered. I am back to spend the rest of my days in or close to Marlinton. I had a drink from the head of Greenbrier River, and you know what they say—after you once have a drink of Greenbrier River water from its head, you can't leave Pocahontas County."

A tribute was given the doctor by the Cub Scouts of Den No. 2, directed by their den mother, Mrs. Kyle McCarty. A solo was sung by little Miss Barbara Carpenter, and the string music was furnished by Hamp Carpenter, Earl Price, Bob Moore and Nelson Scott.

Attending the party was the doctor's mother, Mrs. Portie W. Hamrick, who is 83 years old and who is now teaching in the elementary school, at Capels, McDowell County; and his sister, Mrs. Mabyn Winters Christie and her son, of Renick.

Dr. Hamrick was born December 29, 1896, at Montrose, Randolph County, the son of Mrs.

Portie Beaty Hamrick and the late D. Henry Hamrick. He was one of eleven children, ten of whom are still living.

He taught school for nine years, six years at Cass, and worked on his medical degree in the summer.

In 1933 he came to Marlinton where he practiced medicine until 1953, when he moved to Oakdale, Pennsylvania.

Dr. Hamrick has one son, Kenneth, who is a junior at West Virginia University, Morgantown.

## Frankford Church Setting For Bean-Boggs Nuptial

FRANKFORD, Sept. 8—(Special)—On Sunday, Sept. 1, at the Frankford Methodist Church, Miss Mary Lou Boggs, daughter of Mr. and Mrs. Dwight Lathan Boggs of Frankford, became the bride of Gerald T. Bean, son of Mr. and Mrs. Thomas Bean of Marion, Ill.

Rev. W. Vaughan Moore of Washington, D. C. and Rev. Dewey Nelson read the double-ring service and Mrs. Gordon Fisher of Belle accompanied the soloist, John Gray of Denver, Col. A reception was held in the auditorium at Frankford High School.

Pearls were scalloped around the neckline of the bride's gown of lace over tulle and taffeta and her fingertip veil extended from a band of lace and pearls. She carried a yellow orchid pinned to a white Bible.

MISS SALLY Sue Boggs was maid of honor for her sister and bridesmaids were Mrs. Jack Collins of Carbondale, Ill., Mrs. Robert L. Hayes of Magadore Ohio, and Miss, Wanda Lee Hunt of Washington, D. C. Their waltz-length frocks and bandeaux were of blue crystalette and they carried nosegays of yellow pompons. A white crystalette frock and blue headdress were worn by the flowergirl, Gayle Lynn Hayes, niece of the bride, who had a blue-trimmed white basket of flowers.

Roger France of Alexandria, Va. was best man and ushers were Richard Beutenmuller of Kensington, Md.; Donald Boggs of Frankford; Jack Collins and Ralph Stomann of Alexandria. Paul Hammond Haynes, nephew of the bride, was ring-bearer.

MR. AND Mrs. Bean are taking a northern wedding trip and will be at home in Alexandria, Va. after Sept. 15. An

Mrs. Gerald Bean

... former Mary Lou Boggs

alumna of Frankford High School, she attended Greenbrier College, has a junior accounting degree from West Virginia Business College, a B. A. degree in religion from Berea College and a master's degree from Scarritt College, Nashville, Tenn. Before her marriage she was employed by the Methodist Board of Missions at Wesley Community House in Atlanta, Ga.

Mr. Bean has a B. A. degree in physics from Southern Illinois University, belonging to Sigma Pi Sigma, honorary physics fraternity, and had two years duty with the Army Corps of Engineers at Ft. Belvoir, Va. He served as assistant instructor in laboratory work at Southern Illinois while working for his master's degree in science and is now employed at the engineering research and developments laboratory at Ft. Belvoir.

## Feb. 1958 The Weather

Tuesday, the thermometer climbed close to sixty, but people were still busy trying to thaw frozen pipes, etc., after the bitter weather of last week. The local hardware stores quickly sold out of blow torches last week and when they tried to get more, were told the same situation existed everywhere. Frozen water pipes in houses and in the ground were common occurrences. Some lines froze and burst twenty inches below ground level. The Town of Marlinton workers have been busy day and night thawing pipes.

The big Mower Lumber Company mill at Cass has been closed down for several weeks because of the weather. Last week extensive damage was done by freezing of boilers, etc., amounting to many thousands of dollars.

On Sunday, in the bright sunshine, hundreds of people made the trip to Woodrow to view the State Road Commission men working to remove the huge drift on the Dogtown road. Dynamite was used to tumble the hard drifted snow, and then the huge blower on the front of a big truck blew the snow up and out of the way. There was a solid bank of snow fifteen feet high and two or three hundred feet long.

Only this week has there been two way traffic on Cheat and Droop.

Ervine Dunbrack was in from Stamping Creek and said this was the first time he had seen Stamping Creek frozen across. It is usually just a dry creek bed, but this time it had water in it and froze.

J. O. Kellison was in to pay his subscription Saturday and said it was his first trip out in two weeks. The Jacox road had just been opened. He reported drifts about thirty feet high and all the small valleys filled up level with snow.

## Weather

Same story. More snow.

The authorities at the Federal Prison Camp on Kinnison Mountain give the following report on the number of inches of snow this winter:

*Winter 1957-58*

October	4.0 inches
November	3.7 "
December	13.1 "
January	35.0 "
February	41.1 "
March	35.6 "
Total	132.5 "

MARLINTON, Jan. 23 — (Special)—Cancel the bombers and/or demolition squads—the ice jam broke up.

The ice that clogged the Greenbrier River, threatening the community of Buckeye, began to slide on downstream Wednesday night, and was gone in about three hours. The river was clear shortly before midnight.

\* \* \*

STATE ROAD Commission personnel, who had feared the flocks might smash a flooded low-water bridge at Watoga State Park, reported that the jam floated

mission reported that

ing of the crisis relieved commission officials of the  
em of saving threatened  
s. SRC County Supervisor  
l Gibson said earlier in the  
week that it might be a good  
lan to have the West Virginia  
Air National Guard bomb the  
ice jam.

Col. James Kemp McLaughlin, commander of the ANG, said in Charleston that he didn't think bombing was feasible, and dynamite might be a more practical solution.

Gibson thought it would take too much dynamite.

Cloudy skies that covered much of the western central part of the state cleared over the eastern section morning, and the sun brought warmer temperatures. A dip into the 20s was projected in an early forecast, however.

snow fifteen feet high and two or  
three hundred feet long.

Only this week has there been  
two way traffic on Cheat and  
Droop.

Ervine Dunbrack was in from  
Stamping Creek and said this was  
the first time he had seen Stamp-  
ing Creek frozen across. It is usu-  
ally just a dry creek bed, but  
this time it had water in it and  
froze.

J. O. Kellison was in to pay his  
subscription Saturday and said it  
was his first trip out in two weeks.  
The Jacob road had just been  
opened. He reported drifts a-  
bout thirty feet high and all the  
small valleys filled up level with  
snow.

mission reported that  
s still barred a few  
ds today, but the ob-  
were expected to be  
on.

ing of the crisis relieved  
commission officials of the  
em of saving threatened  
s. SRC County Supervisor  
Gibson said earlier in the  
week that it might be a good  
plan to have the West Virginia  
Air National Guard bomb the  
ice jam.

Col. James Kemp McLaughlin,  
commander of the ANG, said in  
Charleston that he didn't think  
bombing was feasible, and dyna-  
mite might be a more practical  
solution.

Gibson thought it would take  
too much dynamite.

Cloudy skies that covered much  
of the western central part  
of the state cleared over the  
eastern section this morning, and  
the sun brought warmer temper-  
atures. A dip into the 20s was  
projected in an early forecast,  
however.

Gro

### Weather 1960

Feb. 18, 1960 a big north east blizzard & drifted  
March 2nd & 3rd - Ten inches of snow, high  
wind, and several drifts.

### Weather 1963

Jan 24 - 1963  
Snow 12° to 20° below  
Fell 20° below at Helleboro

## Hillsboro Alumni Banquet

Hillsboro Alumni Banquet was held May 29, 1971, with an attendance of 143

James Clowser, of Charleston, was toastmaster. Mr. Clowser is employed with the Department of Mental Health.

Mrs. Hallie Plymale, of Kenova, led group singing.

Moffett McNeel held the Memorial Service honoring deceased alumni. They were: Eric Clutter, Grady Kidd, Nina Carlisle Petry, Hubert McCoy, Hugh Hefner, Sanford Kirk and Gloria Sharp Beavers.

It was decided to continue the Hillsboro High School Memorial Fund: any student graduating from Pocahontas County High School from the Little Levels District is eligible to apply for this yearly scholarship. Students must apply for this scholarship by June 30. Send applications to: Mrs. Mary Hilleary, Treasurer of Hillsboro Memorial Fund, Hillsboro.

Mrs. Moffett McNeel, Chairman of the nominating committee, made the following report: President, Samuel Landis; Vice President, Winters Penick Rose; Secretary, Ruth Pritchard; Treasurer, William McCarty; these were elected.

The Alumni Banquet will be held annually on the last Saturday night in May at 7 o'clock, so make plans now to attend next year.

The meal was prepared and served by the ladies of the Methodist Church.

Cecil Dalton was installed as pastor of the Oak Grove Presbyterian Church at Hillsboro on January 14, after moving to Hillsboro December 28 in a big snow storm. 1967

Born May 23, 1918, at Hillsville, Virginia, Mr. Dalton was educated at Virginia Presbyterian School, Hampden-Sydney and Montreat-Anderson Colleges, and Columbia Theological Seminary. He was ordained in 1964, having previously been a broker and merchant.

He has served Bland-Leyburn Presbyterian Church at Bland, Virginia, (Bland and Leyburn churches were merged during his ministry), and Sharon Church at Ceres, commuting 2,000 miles per month from Atlanta for two years while in Seminary. He served on the Presbytery Stewardship Committee and was on the Board of Abingdon Presbytery Children's Home.

Mrs. Dalton is the former Virginia Goad. Their children are Robert, 21, a student at Bluefield State, Nancy, 18, student at Radford College, Janice, 6, first grade, and Terri, 5 years. His mother, Mrs. Lula Jett Dalton,

Mrs. Carrie Morrison, of Lobelia, has been chosen Belle of Pocahontas by the County Council of Home Demonstration Clubs. She will attend the State Folk Festival at Glenville the third week in June representing Pocahontas County.

She owns and operates a 200 acre farm on which she lives alone, being the widow of the late Frank Morrison.

Mrs. Morrison is the mother of two daughters, Mrs. Lanty Rose, of Hillsboro, who teaches physical education in Pocahontas County High School, and Mrs. Harry R. Cuskey, of Abingdon, Virginia, who majored in home economics and now has a class of her own — six children.

Mrs. Morrison received her AB degree from Davis and Elkins College. She is now retired after having taught school for 41 years, 19 of which were in one room schools. Many of these she had all grades.

One of her greatest ambitions is to travel. She has been in 45 states including Hawaii and expects to add three more to her list this summer.

She was a charter member of the first Home Demonstration Club in the County—Swago. Her membership is now in Lobelia Club in which she is an active member and has held many offices.

Her greatest interest is in church work. She has been a faithful member for 60 years, 45 of which she has been a teacher of adult classes in the United Methodist Churches at Swago and Lobelia.
